

MUHAMMAD HAMZA SALEEM

Quality Assurance Analyst

+92 334 4031444 | Model Town Ext., Lahore
hamzairfansaleem@gmail.com | linkedin.com/in/muhammad-hamza-saleem

PROFESSIONAL SUMMARY

Detail-oriented Quality Assurance Analyst with hands-on experience in manual testing, end-to-end application verification, and process quality control. Skilled in identifying system loopholes, translating business requirements into testable scenarios, and collaborating cross-functionally to ensure reliable software delivery. Background in Electrical Engineering and data tools (Python, SQL, Excel) strengthens analytical problem-solving and structured documentation.

EXPERIENCE

Quality Assurance Analyst

Lahore • Aug 2025 – Present

2iQ Research, Lahore

- Perform end-to-end manual testing of web applications after each deployment, verifying functionality, stability, and compliance with requirements.
- Act as communication bridge between Project Manager and Development team, translating PM instructions into clear, actionable developer tasks.
- Track deployments, review execution logs, and confirm successful delivery across environments.
- Proactively identify system loopholes and process bottlenecks, driving workflow optimizations that improve quality control and reduce operational risk.
- Follow and maintain established SOPs to ensure consistency, quality, and compliance across all QA workflows.
- Version-control test-related documentation and scripts using Git/GitHub, maintaining a traceable history of QA activities.

Emerging Technologies Teacher

Lahore • Sep 2024 – Aug 2025

International School Lahore, Pine Avenue

- Designed and delivered engaging lessons in Artificial Intelligence, Robotics, and IoT for primary and middle school students.
- Maintained weekly Excel trackers for student progress monitoring, ensuring accuracy and consistent record-keeping.
